

BELHAVEN UNIVERSITY

Memorandum of Understanding for the Master of Sports Administration Degree

The Master of Sports Administration (MSA) online program provides students with a learning experience designed to equip graduates for leadership within the sports management industry.

Candidates completing this degree understand that the degree **does NOT** meet the **Mississippi** requirements to apply for state teacher or athletic administrator certification. If I'm interested in obtaining a license to teach, the Belhaven staff can help me with those requirements.

Students enrolled in the MSA program are eligible to receive federal financial aid for which they may qualify.
