

MEMORANDUM OF UNDERSTANDING

ELEMENTARY TEACHER EDUCATION BACHELOR OF SCIENCE DEGREE (BS-ED)
INITIAL MISSISSIPPI TEACHER LICENSE

2.2024

The Elementary Teacher Education program leading to a Bachelor of Science degree at Belhaven University is designed for individuals aspiring to become licensed elementary teachers in Mississippi. By endorsing this Memorandum of Understanding, I acknowledge that the curriculum aligns with the Mississippi Department of Education (MDE) requirements and national InTASC standards necessary for obtaining my initial teacher licensure in Mississippi. I am aware that this degree and the corresponding Mississippi Teacher License may have full reciprocity in certain states, eliminating the need for additional requirements. However, it is important to note that it might not satisfy all licensure prerequisites in other states, and additional requirements could vary.

I desire to major in Elementary Teacher Education to be recommended for a Mississippi Elementary Teacher License. I have read and understand the entrance and exit requirements to the Teacher Educator Preparation Program (TEPP), the MDE testing requirements, the clinical field and clinical internship hours, and the professional dispositions and expectations for school and classroom decorum.

5. I understand that without admission to the TEPP, I cannot advance in the School of Education; I will no longer be allowed to register for any additional Education courses and will need to change my major.
6. Once admitted to the TEPP, I will be declared to be an ELEMENTARY TEACHER EDUCATION MAJOR
